VOL. XI, No. 141 — THURSDAY EVENING, JANUARY 22, 1920. — THREE CENTS

UNLESS SENATORS COMPROMISE TREATY WILL BE LOST

HOLLAND WILL GIVE WILHELM ONLY TO HUNS

Dutch Claim It Illegal To Give Up Refugee Except To Native Country

HOLLAND AN ASYLUM

Prolonged Negotiations Are Expected Over The Allies' Demand

LONDON, Jan. 22.—Sir William Sutherland, confidential parliamentary secretary to Premier Lloyd George, stated this afternoon, that he understood that Holland has refused the allies' request for the extradition of the ex-kaiser.

Sir William understands that Holland raises the technical point that it is impossible to surrender the former emperor at the call of a third country if his own nation does not make such a demand.

BERLIN, Jan. 22.—The Rotterdam correspondent of the Lokal Anziger telegraphed to his newspaer today that "Holland will maintain her traditions relative to the right of asylum."

LONDON, Jan. 22.—Sir Ronald Graham, the British minister at The Hague, expects prolonged negotiations over the allies' demand for the surrender of the ex-kaiser for trial, it was learned from an authentic source today.

It is believed that Holland will interpose legal technicalities and the negotiations may result in the exchange of several communications between the allies and the Dutch government.

There are indications that Holland probably will raise the following points:

1. The United States did not sign the request for William's extradition, altho the treaty of Versailles provides that there shall be an American judge on the international tribunal.

2. The demand infringes the right of political sanctuary.

3. The charges preferred against the former emperor constitute problems which differ from international procedure.

While it is possible Holland may not refuse outright to give up the erstwhile German war lord in the preliminary reply, it is said that the Dutch government will emphasize the fact that representations have been made to the royal refugee to surrender himself. It is not known here how William received that suggestion

Reports from The Hague state that the Dutch officials are giving the closest scrutiny to the allies' request and are taking time to draw up a most careful reply.

It is understood that the allies are prepared to act quickly no matter what may be the contents in the preliminary Dutch reply.

PENN. AUTO TAGS GOOD HERE UNTIL FIRST OF MONTH

Chief of Police John R. Mapel was requested thru the department of state Thursday to recognize and permit autos bearing 1919 Pennsylvania licenses to operate until January 31 in order to give the officials of that state time in which to complete the registration.

SERVED ONLY TWO YRS. FOR THIS MURDER

COLUMBUS, O., Jan. 22—By the decision of Common Pleas Judge E. B. Kinkead in habeas corpus proceedings Wm. H. Cowdery, Butler-co, is released from the state penitentiary, where he was serving a life sentence on a charge of second degree murder.

Cowdery was indicted jointly with Mrs. Belle Wardlow in 1917 for first degree murder in connection with the death of Laurel Wardlow, husband of the accused woman, alleged to have been poisoned with arsenic. Cowdery was found not guilty of first degree murder, as indicted, but guilty of second degree murder, the degree being fixed by the jury.

Judge Kinkead holds that Cowdery could have been found guilty of but one degree of murder, first, by nature of the crime.

GIVES BLOOD TO STOP PROFITEERING

Miss Lillian Jedlicka.

When persons who hoped to profiteer at the expense of sufferers dying for lack of blood asked $55 for transfusion of blood from their veins to those of the sick folk Miss Lillian Jedlicka, nurse at the Flower hospital, New York, became incensed at them and offered to give her blood for nothing. Her offer was accepted and her voluntary act caused other nurses to follow her example. As a result the would-be profiteers cannot now collect even the $25 they formerly charged.

OHIO SENATE BALKS AT TAX BILL DESIGNED TO RAISE THE LIMITATION

COLUMBUS, O., Jan. 22.—A deadlock between the senate and the house may be reached today over the substitute bill, passed in the house, which is designed to relieve the financial distress of cities and other taxing districts by authorizing them to lift the limitations of the Smith tax law by a vote of the people.

When the measure reached the senate it was referred to the joint taxation committee, members of which declared the measure unworkable. The original bill, as introduced in the house by the joint committee on taxation, provided for lifting sinking fund and interest charges from within the interior limitations of the Smith law.

When the bill came up for passage in the house, an amendment by Republican Floor Leader Beetham was adopted providing that there must first be an affirmative majority vote of the electors before the purpose of the bill could be carried into effect. The bill passed the house with four votes to spare, the Democrats voting solidly against it. Rep. Miller, of Stark co, is the only Republican who voted against the bill.

The joint taxation committee, after the bill reached the senate, struck out the Beetham referendum provisions. This action of the committee converted the bill back to its form when originally introduced in the house.

It is expected that the bill, as amended by the committee, will pass the senate today and be returned to the house for concurrence in the senate's action. The opposition of the rural members of the house may cause the measure to be thrown into a joint conference committee, where it may remain several days pending efforts to reach a compromise on the bill.

SCHOOL EXAMS FOR SEMESTER NEXT WEEK

Buckle down, kids. Just one more week and then the examinations for the first semester will begin in the county schools, according to the tip received from the principals Thursday. BEWHISKERED BOCK BEER GOAT AND ALL LIQUOR SIGNS UNDER THE BAN

Farewell, goats—heralds of spring and bock beer in ye olden days. The last vestige of the wet season must be wiped out and liquor signs removed within three days.

That's the ultimatum issued by Mayor W. S. Tish in compliance with the instructions received from state officials.

All manner of signs relating to the liquor traffic, electrical, painted, tin and the goats must vanish to reappear no more. The mayor was under the impression that all had been removed, but a sleuthing trip over the city proved that many were still in evidence. After his survey the mayor decided to allow three days for their removal.

CITY ADMINISTRATION CANCELS $28,000 OF NEEDLESS INSURANCE

Mayor Tish and Director Blinn Find Fire Policies Aggregating $30,000 on Pumping Station and Auto Fire Trucks—"Nothing About Them Inflammable," Says Mayor—City is Saved $500 in Premiums

Coshocton will be saved exactly $492.83 on insurance as the result of the inspection of the city water works and fire department by Mayor W. S. Tish and Safety Service Director Ray S. Blinn it was announced Thursday.

Under the former administration, the inspection brot out, insurance in the sum of $22,500 was taken out on the pumping station with the firm of Jacobs & Armstrong. The premium for five years amounted to $900. Another policy amounting to $5000 was taken out with the Jacobs & Armstrong Co. on the Seagraves truck of fire station No. 2 insuring it against fire and another for $2500 placed with the McDonald agency to insure the new White truck of station No. 1. The premiums on these two policies amounted to $75.83 annually. After a thoro inspection the mayor decided to reduce the insurance on the pumping station from $22,500 to $2000 and to discontinue the insurance carried at the present on the two fire trucks. This action will save the city approximately $492.83 and will make returnable to it more than $400 remaining with the Jacobs and Armstrong agency as the premium on the $22,500 policy. The policy with the Jacobs and Armstrong Co. was drawn up so as to extend over a period of five years and the premium had been paid. The policies on the fire trucks were payable annually. The policy on the water works has been carried by the city for a little over 18 months and its cancellation will mean the return of the remainder of the premium which was placed at the time it was subscribed to.

Explaining the matter Thursday Mayor Tish declared that after an inspection of pumping station and the two trucks of the fire department in conjunction with the service director he had decided that there was nothing inflammable about them and that the insurance money could just as well be saved. "In the case of the water works," he said, "It is constructed solely of brick and steel and I don't believe that there is a likelihood of the station or its machinery being seriously damaged by fire, at least not to the extent of $22,500. On the other hand I don't believe that it is necessary to carry $7500 worth of insurance on the trucks of the fire department. It appeared to me as being an unnecessary expenditure and I have decided to cancel the insurance with the exception of $2000 to be carried on the pumping station."

It was pointed out by the mayor that the $2,000 insurance retained on the pumping station is to cover possible damage by lightning.

In the case of the fire trucks he called attention to the fact that each is equipped with a chemical tank and hose, which is connected and ready for use at all times, and that one fireman is on duty all the time to watch the truck.

"The auto owner seldom insures his automobile for anything like the proportionate amount carried on the city fire truck, and there are no chemical tanks attached to the automobile. What is not good business for the individual is not good business for the city," he added.

MOTHER CLINGS TO ADVERTISED BABY

CHICAGO, Jan. 22.—Four day old "Billy" Helms Chicago gift baby, will remain with his mother, Mrs. Katherine Helms, despite the latter's former intention to give him away.

Mrs. Helms, who is 18 years old and pretty, was deserted by her husband several months ago, when he learned she was to become a mother. In destitute circumstances and fearing she would be unable to care for the little one, the girl wife announced that she would give the baby away on its arrival to some family that would provide it with a good home.

But today, with seven pounds of "Billy" cuddled tight in her arms in the maternity ward of the hospital, the mother announced that she would never, never, give him up, and that she would "try somehow" to provide for him in the way she wanted the baby cared for.

AUTO TAX LAW IS UPHELD BY JUDGE KINKEAD

COLUMBUS, O., Jan. 22.—Constitutionality of the new graduated auto tax law was upheld here by Common Pleas Judge E. B. Kinkead.

Reasons for the decision, Judge Kinkead said were that new burdens created by automobiles on public highways call for a sufficient tax; and that the measure can be sustained as an excise or privilege tax for using the roads.

The judge held that the provisions of the new auto tax law do not exceed the privileges automobilists derive from the use of public highways. He declared that the legislature, if it wanted to, could go back to the toll gate idea that under pro-

auto tax law, all taxes collected are to be used for road maintenance and repair, half of it going to the state and half to the taxing district.

It is said that Attorneys C. D. Saviers and M. D. Mehes, Cleveland, representing the state automobile association which brot proceedings against the law will carry the case to the higher courts.

COUNTY SPENDS $346 IN 2 WKS. ON ITS ROADS

The sum of $346.45 was spent by Coshocton-co during the past two weeks in the matter of road improvement according to the surveyor's report to the county commissioners Thursday.

The trucks operating delivered 585 cubic yards of cinders over 1009 miles of road. The work of road improvement has been necessarily hampered by the weather but will be taken up on an enlarged scale as soon as the weather permits.

WOOL STOCKINGS FOR MILADY—IT'S THE FAD

When they had to wear 'em they kicked.

Now they don't have to wear 'em and they're doing it.

What?

Woolen stockings.

They're the style.

Classy, at all that, but they scratch.

And as usual the actress is blamed.

"Guess they didn't have enough dough to buy a pair of high top shoes, so she started a fad of wearing woolen stockings and low shoes," store clerk said.

"Naw," argued another clerk.

"They're wearing low shoes and woolens to beat the high cost of shoes."

Silk hose have passed out of style for the present, or at least until ol' Sol comes north again.

NEW CONGRESSMAN WINS ELECTION ON LEAGUE PLATFORM

Clyde H. Hoey.

Clyde H. Hoey, Democrat, was elected in the special election in the Ninth district of South Carolina to succeed in congress E. Yates Webb, who was recently appointed to the federal bench. The league of nations was one of the principal issues in the campaign and Hoey upheld the league.

ANDREW CRAWFORD IS DEAD AT HOME, CANAL LEWISVILLE

Funeral services for Henry Crawford, 78, whose death occurred at the home of his son, Warner Crawford, in Canal Lewisville Wednesday will be held at that place Friday morning at 10:30. Interment will be made in the Canal Lewisville cemetery. Death was due to advanced age.

Mr. Crawford was born and reared in Coshocton-co. He was a retired farmer and had resided for a long time at Canal Lewisville. He was a prominent churchman and took an active interest in church affairs. Mrs. Crawford preceded her husband to the grave.

The following children survive: Nathan, Carlos, Daniel, Lickingco, Mrs. Mary Zerby, Coshocton, and Warner, Canal Lewisville.

NEW ROAD IN JACKSON-TP. IS REQUESTED

Residents of Jackson-tp are petitioning the county to establish a public road on and of J. D. Lower, H. O'Brien and others. They have presented a petition to the county commissioners and have given bond in the sum of $100 to cover the cost of a survey. The petition was signed W. F. Kiser, John Kiser and W. B. Davis.

VIRGINIA-TP. WANTS GRAVEL ON ITS ROADS

That the roads of Virginia-tp be graveled in as far as possible during the year of 1920 is the request made upon the county commissioners by residents of that township. A delegation presented the petition to the commissioners Thursday. The surveyor has been directed to inform the delegation that the work of graveling will be apportioned equally, taking the condition of the roads into consideration, so that every township will share in the improvement.

BIRTH NOTE

A son was born Wednesday to Mr. and Mrs. Clifford J. McCoy of Conesville.

Chicago City Hall No Place For Lady

CHICAGO, Jan. 22.—Chicago city hall is "no place for a lady," in the opinion of alderman here.

Questionnaires were submitted to the aldermen asking them whether in their opinion girl stenographers would be as efficient as the male variety in the handling of municipal cases. By a vote of 29 to 24, the aldermen today decided in favor of the latter.

"A counsel committee room, where the aldermen meet informally to discuss civic measure is no place for a lady" said an alderman. "Also they chew gum" said another.

REFERENDUM VOTE MIGHT ULTIMATELY BE UTILIZED

Next Congress Will Be More Strongly Opposed To Original Draft

OUTLOOK IS GLOOMY

Indications Are That The Treaty Will Die If The Solons Sit Tight

WASHINGTON, Jan. 22.—Unless the senate reaches a compromise on the treaty at an early date the only thing in the world that can save it will be a referendum, according to experts here.

If the present congress cannot scare up the necessary two thirds vote, they argue, that is, sixty four out of a total of 95, senators, counting Secretary of the Treasury Glass, named to fill the vacancy left by the death of Senator Martin, Democrat, of Virginia, to ratify it during this session, the treaty of Versailles has an extremely problematical road ahead of it so far as this country is concerned.

Thirty two senators must stand for re-election or replacement this year. Their terms of office expire with that of the president on March 3, 1921. Of these senators 15 are Republicans and 17 are Democrats.

Of the 17 Democrats to whom successors will be elected if they do not succeed themselves at least five, according to political barometers, stand a fair chance of not coming back to the senate, their party being in the minority in their states with a tendency, as manifested at the last elections, towards it becoming more so.

Should these five Democrats lose the election to their Republican opponents the next senate will number 53 Republicans and 42 Democrats. And, with what the Republicans would consider the public's expressed approval of their attitude to back them up, it is regarded as scarcely probable that the majority party thus strengthened would be more inclined to compromise on the treaty than it is at the present time.

On the other hand, say the dopesters supposing the maximum of the improbable should happen and the entire 15 Republicans should lose in the race for the senate this year, the Democrats would still be minus the two thirds majority, having but 63 members as against one Republican to their side to secure ratification and to date not a single Republican has expressed himself or voted for the unconditional ratification of the treaty.

In other words the Republicans under the most unfavorable conditions possible could and probably would

BRITISH CABINET SPLITS ON POLICY TOWARD RUSSIA

LONDON, Jan. 22 — The British cabinet has split on the question of Russia with Premier Lloyd George and Secretary of War Churchill leading the rival factions, according to a despatch from the Paris correspondent of the West Minster Gazette today.

The correspondent says that the premier is trying to make peace with Russia, fear the worst befall England while Churchill believes that unless Bolshevism is crushed, it will crush the British.

The despatch concludes:

"The country must choose between the premier and the war secretary; between peace and war."

The Daily Express says there is ground for belief that a new military adventure is planned somewhere. This newspaper prints a Paris despatch saying that some circles regard the decision to open trading with Russia as a cloak to mask Great Britain's intention to undertake military operations to guard India.

First Electrically-Driven Motorcycle

IPSWICH, ENG., Jan. 22. [illegible] claimed to be the first electrically driven motorcycle [illegible] recently. There was [illegible] of noise and vibration.

The motive power [illegible] a battery of cells which [illegible] in a case about [illegible] square. This acts as a seat for the passenger, who sits with his head on a level with that of the driver.

The starting and stopping devices are of the simplest character, and the battery can be recharged from an ordinary electric light plug.

The horse power is two and a half, and the machine proved to be a good hill climber on a greasy road. Under normal conditions it will run at a speed of about twelve miles an hour for twenty four hours before recharging is necessary.

The invention is the outcome of a bet between an electrical engineer and a motorcar manufacturer, and as it is a success, it has been patented. It cannot, however, be made as cheaply as the ordinary cycle and sidecar at present, and the cost of electric energy is said to be greater than that of petrol.

Pays $3,000 for 9 Kegs of Missouri River Water

ST. JOSEPH, Mo., Jan. 22.—Al T. Hussar a local saloonkeeper paid $3600 here the other day for nine kegs of Missouri River water.

According to Hussar's story to the police, he bought the liquid from a stranger, but not until he had tested it and found it worth the money.

However, Hussar sampled the "wet" goods thru a rubber tube, one end of which was supposed to extend into each of the kegs in turn, and the sampling occurred in a dark, secret cellar. Hussar now holds the belief that the tube led to a flask in the stranger's pocket.

No trace of the river water salesman has been found by the police.

Glycerine Mixture Surprises Coshocton

The quick action of simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka is surprising. One spoonful relieves ANY CASE gas on stomach or sour stomach. Adler-i-ka acts on BOTH upper and lower bowel and removes all foul accumulated matter which poisoned stomach. Often CURES constipation. Prevents appendicitis. One lady reports she has no more pain in back of head or gas on stomach since using Adler-i-ka.

How Many Women Are Like This?

Can anything be more wearing for women than the ceaseless round of household duties? Oh! the monotony of it all—work and drudge; no time to be sick; tired, ailing, yet cannot stop. There comes a time when something "snaps" and they find themselves "simply worn out," and to make matters worse, have contracted serious feminine disorder which almost always follows the constant overtaxing of a woman's strength.

Then they should remember that there is no remedy like Lydia E. Pinkham's Vegetable Compound—the experience of these two women establishes that fact:

Cedar Rapids, Ia.—"After the birth of my last child I had such painful spells that would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and I would have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and after here came me. Now I do my housework, washing and ironing and sewing for my family and also sewing for other people. I recommend a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."—Mrs. Paul Parenteau, 102 Stone St., Sandusky, Ohio.

Sandusky, Ohio.—"After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your wonderful medicine and how it had helped her in the same way. I took Lydia E. Pinkham's Vegetable Compound and Sanative Wash and after here came me. Now I do my housework, washing and ironing and sewing for my family and also sewing for other people. I recommend a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."—Mrs. Paul Parenteau, 102 Stone St., Sandusky, Ohio.

OBREGON SAYS HE'S LOYAL AS HE EVER WAS

MEXICO CITY, Mexico, Jan. 22.—Reports circulated in San Antonio, Texas, that General Obregon is fomenting a fresh revolution in Mexico were denied by General Obregon in person today.

"Rumors said to be in circulation at San Antonio that I am active against the government are absolutely false," said General Obregon. "I am just as loyal to the Carranza government as I ever was."

General Obregon has just returned from a tour of the central state of the republic, where he has been working in behalf of his presidential candidacy.

MILLERSBURG HI PLAYS HERE FRI.

A fast game of basketball is expected when the Coshocton high school five clash with the Millersburg team here Friday evening. The Millersburg aggregation is in the field for the state championship. Coach Karsch was considerably pleased with the showing that the local team made in their game with Doane Academy and is hopeful that it will be able to put a crimp in the Millersburg machinery. In their work of the past week the locals have specialized on long shots, their weak point in the game with Doane.

A class game between the Juniors and Sophomores will be staged as a preliminary Friday evening. The following is the line-up for the varsity: Trottman, rf; Senter, lf; Hall or Ballingham, c; Brode, Callahan, Robinson, guards.

Spring Wheat Uncertain —Fly May Injure Crop

That spring wheat is an uncertain crop for general culture in Ohio is pointed out by the Department of Agronomy at the Ohio Experiment Station. Their information is based upon cultural experiments, in which the average yield of spring wheat has been 18 bushels to the acre for six years, while winter wheat with proper fertilization has averaged close to 24 bushels, over a period of 25 years.

Plenty of fertility and early seeding has been found to be necessary for spring wheat culture when it is carried on in Ohio. Some of the land in northwestern Ohio has been found to be adapted to spring wheat but not all soils in Ohio in general.

The heavy infestation of Hessian fly thruout the State also puts spring wheat in the more doubtful list of farm crops, because the spring brood of the fly always attacks the newly-sown spring wheat, since it is much more tender than the growth of winter wheat. The infestation of fly is so heavy that entomologists at the Ohio Experiment Station do not advise sowing spring wheat during the coming season.

Correspondence School Detective Lands in Jail

CLEVELAND, Jan. 22.—It cost James H. Curran $18 to win a correspondence course detective diploma. With the diploma he got a nice shiny badge, likewise a pair of handcuffs.

Despite all his credentials police picked Curren up as a suspicious person. He told Judge Moylan about his diploma and the Judge queried:

"Where's your gun?"

"A good detective doesn't need a gun," Curren replied.

"Well," remarked the judge, "you can spend thirty days in jail pursuing your studies."

CARELESS USE OF SOAP SPOILS THE HAIR

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified cocoanut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

PROHIBITION IS WORRYING THE U. S. DIPLOMATS

WASHINGTON, Jan. 22.—Prohibition is worrying even the diplomats.

The state department today is in a quandry as to whether a ruling on prohibition should be issued to members of the diplomatic corps of the United States. American embassies in foreign countries are technically a part of the nation and thereby the embassies in the strictest sense must be dry.

"Dry" banquets and social functions in "wet" countries would place the American embassies at distinct disadvantage officials admit for Light wines and beverages are considered as necessities to dinners in many foreign countries.

STRAPPED YOUTH WOULD WED RICH ELDERLY WOMAN

CHICAGO, Jan. 22.—Rich old ladies step right up and register with Robert Schweitzer clerk of Cook co. Clerk Schweitzer today displayed a communication from Herr Walter Von Graefn in Germany, who said that "owing to the war," he was "obliged to accept a position." He asked Clerk Schweitzer for a list of wealthy old ladies who have "registered to marry."

EGYPT'S WOMEN WANT FREEDOM

CAIRO, EGYPT, Jan. 22.—"The new woman," movement in Egypt is rapidly growing in strength and despite ancient traditions of the Mohammedans, is being favorably received. Harem laws are being broken with impunity and many of the younger women have discarded their face veils and are taking part in political processions engineered by nationalists. At the beginning of the political riots women of the lower classes took part in the looting but now the cry for "emancipation" has spread to all classes. The girls in the government schools joined the male students when they went on strike against British rule.

WANT TO LIVE TO BE SEVENTY? TRY MODERATION

NEW YORK, Jan. 22.—"Don't worry and be moderate in all things if you want to live to be seventy or more." This longevity recipe was given recently by Dr George L. Meylan, director of the Columbia University gymnasium, after an investigation of the modes of life of those who live long and those who die prematurely.

"There is abundant evidence," said Dr Meylan, "to justify the belief that the average duration of life could be increased from ten to twenty years by the general adoption of the principle, moderation in all things. Deaths from infectious diseases and violence are to be expected."

Speaking of the characteristics of people seventy years and older, Dr Meylan finds that they do not worry, have a happy disposition and eat, drink, exercise and enjoy themselves moderately.

"Exactly the opposite conditions," added Dr Meylan, "are found almost invariably in persons between thirty and seventy years who suffer from organic disease of the nervous digestive, excretory or circulatory systems and premature sexility, but the vicious circle of unhygienic living usually includes overstimulation, excesses in pleasure, abuse of drugs and worry."

I. W. W. in Alleged Plot to Dynamite Oil Wells

BAKERSFIELD, Cal., Jan. 22.—Although every possible effort is being exerted to frustrate plans of I. W. W.'s and other radicals thruout California, an alleged plot has been uncovered here to dynamite oil wells in this vicinity. More than 250 pounds of high power dynamite has been discovered hidden in the hills near Taft by Ford Alexander, explosives expert for one of the oil companies here.

The dynamite was exploded by authorities. Local police officials have announced that they believe they have a clue as to who is responsible for the "planting" of the dynamite, but have declined to make public any further information relative to the matter.

End of Yellow Fever in World Predicted

NEW YORK, Jan. 22.—Complete elimination of yellow fever thruout the world will soon be a reality in the opinion of Dr. George E. Vincent, president of the Rockefeller Foundation. At a luncheon of the Rotary Club at the Hotel McAlpin here he said that "flying squadrons" were rapidly driving the malady from South America and African countries. He added:

"We intend to eliminate malaria altogether, if possible, and the slogan of the south will be: "Malaria must be eliminated once and for all time."

Don't Treat Kidneys Rough, Warns Dr. Carey, Specialist

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisonous Deposits.

Now that Dr Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention.

Backache, for instance, puffiness under or specks floating before the eyes, heavy feet and dry skin, are also danger signals.

"Thousands die yearly because they neglect their kidneys," says Dr Carey, "and I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription, Marshroot, which, during my active practice has cured thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name Dr. Carey's Marshroot, a name that every sufferer from kidney trouble should remember.

SINN FEINERS ARE DEFEATED

LONDON, Jan. 22.—Further details of the attack by soldiers and police at Thurles, County Tipperary, received from the Exchange Telegraph correspondent, showed that the attackers made an attempt to capture Charles Culhane, president of the local Sinn Fein club, but were unsuccessful.

A determined assault was made on Culhane's home. Rifles and revolvers were discharged thru the windows and the lower part of the building was wrecked.

Finally the raiders broke into the house seeking Culhane but he escaped thru a rear door.

The Exchange Telegraph quoted the maid in the Culhane household as saying that the attackers told her they would kill Culhane if they captured him.

YOUNG FIELD QUITS A JOB

CHICAGO, Jan. 22.—Captain Marshall Field III, one of the heirs of the estate left by the late department store magnate, quit his job today as a clerk in the office of Lee, Higginson & Co., a La Salle-st brokerage house, where he studied the bond business.

He got a better job—managing the $120,000,000 Field estate.

"Of course," said the richest young man in America, "I didn't learn much in three months, but I grasped enough to help me a lot in running my own business."

BOWLING

Arnold and Branfield defeated Abbott and Mohler in a scheduled match of three games at ten pins on the Pastime alleys Wednesday evening. Arnold's high score of 246 was the feature of the match. The score:

Arnold	179	225	246—650
Branfield	124	199	162—476
Totals			1126
Abbott	178	204	179—561
Mohler	136	155	176—467
Totals			1028

Abe Reuf's 14-Year Sentence Is Ended

SAN FRANCISCO, Cal., Jan. 22.—The law recently released its grip on Abe Ruef, one-time political boss of San Francisco convicted in the famous graft scandal following the great fire of 1906. Thus ended the fourteen-year sentence imposed on him by Judge Lawlor.

Ruef has been at liberty on parole since 1915 and exemplary conduct shortened his sentence. While under parole he has been barred from taking part in any political campaigns. Since his release Ruef has been engaged in managing his own business affairs.

Baby Scalded to Death by Drinking Cup Boiling Water

NEW YORK, Jan. 22.—Blosco Delsavoro, two years old, of No. 52 Fifth street, Long Island City, died at St. John's Hospital under strange circumstances. According to the child's mother she had some boiling water in a cup, prepared to make coffee, when the child seized the cup and drank the water. Death was caused by internal burns.

The Medical Examiners' office is investigating the case.

Claims His Plane Will Rise Perpendicularly

STERLING, Colo., Jan. 22.—Large fields for aerial land stations will be unnecessary if the claims of J. E. Rogers, formerly an army officer, are materialized. Rogers says he has perfected an aeroplane that will rise perpendicularly from a standing position. His first machine of this type will be turned out in Rexford, Kan., Rogers says.

SHIP IS ASHORE

SAN FRANCISCO, Cal., Jan. 22.—The steamer China, a passenger liner of the China tSeamship Co., bound from 'Frisco to the Orient, is ashore five miles off Nagaski, Japan, according to a cablegram received by the marine department of the San Francisco chamber of commerce.

REFERENDUM

(Continued From Page One)

still block the passage of the treaty save as amended by the so-called Lodge reservations.

Supposing then—and this is deemed by political observers here to be much nearer what will happen than that either side will make a clean sweep—that the next congress should be divided in pretty much the same proportions as is the present congress, what additional chances would the treaty have of ratification which it does not already have?

This question put to a number of politicians on both sides of the political fence brot forth the same response.

"None."

Both in private conversation are showing a certain degree of hesitancy to make the pact the paramount issue. Rather they are rallying to the view that however important that question really is, the voters may not consider it and thus may vote for men and issues they know rather than for something only the experts seem fair to comprehend.

Rising before each of the parties, therefore, some of the more outspoken of the politicians admit, it is a big bugaboo, the bugaboo of the "dark horse." Each party obviously fears the "independent" who, in times of unrest and dissatisfaction and party splits like these, finds the going good.

Herbert Hoover, is being watched by Republicans and Democrats like a hawk, so reports reaching the capital say. He is one of the "independents" who might very conceivably spill the presidential beans for either party or both.

Vigorous tho his denials may be that he has no such honors in mind, that he is not a politician; that he is temperamentally unfit to get along with, and all the rest, the grounds are well in his favor.

His "independence" is perhaps the one thing that appeals most to the public, who say those whose business it is to keep their ear to the ground are tired of "party" men and politicians.

So old style politicians here are reported to be trying to figure out what would happen if the regular parties should carry out their threats, to fight out certain complex political problems. Some of them are said to have it all figured out, that while the "regulars" tore themselves to pieces on that famous field, some "irregular" like Herbert Hoover, on a non-political but simple "lets get back to business" platform would make off with all the votes.

The rank and file party men here, therefore, believe that under no circumstances should the treaty go into the presidential campaign as the paramount issue. If the senate cannot break the deadlock and ratify now, there is a growing sentiment if a treaty referendum is to be held it should be held with the national elections next November if it cannot be held before.

Many friends of the treaty believed that it should be thus voted on, separately, on its own merits, and that its fortune should not be tied up with those of any candidate, Democrat or Republican. If this cannot be brot about there is a strong feeling that the pact is due to pass on into history as something that died a-borning.

BEAUTY OF SKIN EASILY RESTORED BY THIS SULPHUR

The moment you apply Mentho-Sulphur to an itching, broken out skin the itching stops and healing begins, declared a noted skin specialist. You do not have to wait for ease from torture or embarrassment. Improvement quickly shows. Only those who have ugly, itching, burning skin eruptions, rash or pimples, can know the delight when this sulphur subdues the condition.

It is a simple, inexpensive treatment without tire-some, costly massages. Because of its parasite destroying properties, nothing has ever been found to take the place of this sulphur preparation. It never fails to check itching or irritation and heals eczema right up.

Any druggist can supply you with about two ounces of Mentho-Sulphur for a few cents. Apply it like any pleasant cold cream.

STILL SOME INTEREST IN LIFE

ON the theory advanced in the old maxim, "From him that hath much much is expected," the American people have become accustomed to all sorts of drives to put all sorts of movements on their feet and then keep them going.

A local business man sends in the following editorial from an issue of The Ohio State Journal one day last week, the editorial, in turn, being based on a clipping sent by a friend to the editor of that paper. The original clipping is a welcome mixture of humor and truth and is well worth the reading.

Some half despairing half amused soul has evolved the following statement of the general situation which a dear friend sends us:

I have been held up, held down, sandbagged, walked on, flattened out and squeezed. First by the United States government for federal war tax, excess profit tax, Liberty bonds, thrift stamps, war savings stamps, for state, county and city taxes, for the capital stock tax, merchants license and auto tax, and by every society and organization that inventive mind can invent to extract whatever I may or may not possess, including the Society of John the Baptist, the G. A. R., the Woman's Relief, the Navy League, the Red Cross, the Blue Cross, the Double Cross, the Children's Home, the Dorcas Society, the Jewish Relief, American Relief, Belgian Relief, etc. ad infinitum.

The government has so governed my business that I don't know who owns it. I am inspected, suspected, examined and re-examined, informed, required, restrained, commanded ... who I am, where I am ... I am here ... is that I am supposed to be an inexhaustible supply of money for every known need, desire or hope of the human race and because I will not sell all I have and go out and beg, borrow or steal money to give away I have been cussed, discussed, boycotted, talked to, talked about, lied about, held up, hung up, robbed and nearly ruined, and the only reason I am clinging to life is to see what in hell is coming off next.

All of us who have been ... making a modest livelihood for the last four or five interesting ... years have our moments of depression over the blessed privilege of giving to the less fortunate, perhaps, and the almost equally sacred honor of contributing to the support of orderly government in these times of deep unrest and we feel ... with our bedeviled and explosive analyist. Still, he arrives at the correct conclusion of the whole matter. It is interesting to stay here and see what in hell, if the gentle and doubtless sympathetic reader ... the direct quotation, is coming off next.

NEW YORK LETTER
Day-By-Day

NEW YORK, Jan 22.—Edgar Allan Poe will come back to Broadway after 110 years in the series of plays, dramatized from his weird tales, which are to be put on shortly at one of the "intimate" little theatres off the Rialto. Ibanez, the Spanish novelist, did much to awaken America to the importance of dramatizing Poe.

Wherever he went or spoke, the writer paid tribute to Poe's work and declared that Poe was as famous in Europe and South America as Lincoln and Washington. It will be remembered that Poe's father David Poe and his mother were actor folk and so the blood in Edgar like the blood in all of us, returns to its familiies.

Poe was a child of the footlights, which were at the time his parents were actors a row of spluttering gas jets. He was traveling with his parents from stage to stage when he was orphaned at the age of 3. On the 6th of September 1809 the year of Edgar's birth, the New York theatre far downtown now was opened for the winter season with "Lewis Castle Spectre" and "B ...'s ..." titles that have a real ... sound.

The father and mother took parts in each play. Later David Poe was heard in a play called "Fortune's Frolic," another prophetic title for the esoterically inclined, for Fortune had, ironically, a great frolic with the destiny and doings of the American poet.

Among the tales that are announced to be put on shortly are "Bon Bon," "The Gold Bug," "The Tell Tale Heart" and "Eleonora." Later there will follow "The Cask of Amontillado," "The Fall of the House of Usher," "Ligeia," and the "Assignation." These tales are of the essence of Poe, panoramas of an imagination that was unique and phosphorescent.

To me Poe was the greatest of all short story tellers. His very life was an excursion in the weird, fumbling with the keys to strange doors in houses that dissolved at dawn. The tale is told that Poe many years ago wild, disheveled, bruised and wide eyed burst into the home of John Sartain, the painter.

He said he had seen on the walls of the county prison, where he had spent the previous night, a host of angels clad in moonlight that blew from wreathed trumpets wild blasts toward the heavens. He was given three slugs of brandy. It was, of course, hallucination—but delightful. Like Heclass' torch, that flames in an imperial solitude on the summits of the northern seas, so does Edgar Allen Poe reign today in the human imagination.

Crooks are now using wood alcohol drinks to poison their victims. In the East Side and Tenderloin drives wood alcohol is being substituted for "knock-out drops" which were comparatively harmless. One man, who had a salary roll with him, was stopped by three men and invited to take a drink after each had apparently taken a drink. The victim is now in a hospital blinded and paralyzed. Experts say that so clever is the deception that few realize they are drinking poisoned drinks until the first stages of the illness come upon them. Still there is a bright side to it according to the prohibitionists who declare that deaths from properly made whiskey during the same time would have been greater than they have been from the wood alcohol and one Brooklyn prohibitionist writes to the World that the city should park off a space where the young men could see the wood alcohol victims ... as a lesson of the folly of ... the law.

WALT MASON
CHEAP SPORTS

Deprived of beer and bitters by laws they don't ... some peevish sorehead critters ... a house afire. They say with prohibition our country's bound to ... the depths of dark demnition where ... wows screech. They should forget bitters, 'twould be more safe and sane to hail with cheerful ... the water wagon's reign. Their thirst they're merely nursing when they denounce the luck, and spend the dry days cursing the drouth that's run amuck. I'd like a frequent toddy, I heard one sport remark, "I used to look quite gaudy when lit up after dark, but since that graft is ended I think of other things, and I am feeling splendid, and happy as two kings." Vox Populi has spoken, and though it makes you sore, old Booze's scepter's broken for ever, evermore. We see the good sport reading the writing on the wall, behold him blithely speeding to some cool waterfall. The cheap sport, grouchy beggar, says all his rights are gone, and hunts some punk bootlegger who has a demijohn.

KRAMER LOOKS FOR BOOTLEGGER TO BE CAUTIOUS

MANSFIELD, O., Jan. 21.—Federal Prohibition Commissioner John F. Kramer, who is at home here today says he expects more law violations a month from now than there were at first. He believes those inclined to be law violators will be cautious at first, then take a chance. Commissioner Kramer says real prohibition cannot come in a day. "The liquor business has been allowed to exist 3,000 years so it will take some time to get rid of it. The real effects will not be felt until the next generation. Some have got to the state where they are not men. They will drink anything, but the boys of tomorrow are not going to sneak up in an alley or in a livery stable to get a drink."

LIEUTENANT IS MISSING SO IS ROLL OF $75,000

WASHINGTON, Jan. 21.—An investigating board this afternoon submitted a report to Secretary Daniels showing an apparent deficit of about $75,000 in the accounts of Lieut. C. F. Bennett, U. S. N. disbursing officer in charge of accounts of officers stationed at Washington.

Lieut. Bennett has been missing since December 28, 1919.

ORDINANCE BLAMED FOR CITY HOSPITAL AFFAIR UNCOVERED

The flood of criticism which swept down on the heads of former councilmen and former city officials as well as the present superintendent of the city hospital as a result of the alleged refusal to admit Sanford Miller Sunday had somewhat subsided Wednesday there still remained some uncertainty as to the origin of the purported ironclad rule regulating the admission of all cases.

Former councilmen were more or less indignant that they should be accused of having passed or even permitted such inhumane legislation to obtain. In a statement to the press Wednesday Clifford Magruder, president of the former council declared that the council during the past eight years had never made any ruling that would prevent the admission of an emergency case. He was inclined to view the whole affair as the result of a misunderstanding. "During the past eight years," he said, "the council has never made any ruling or suggestion which would prevent an emergency case such as Sanford Miller's entering the hospital immediately."

Quoting from a report of the bureau of inspection and supervision of public offices Safety-Service Director Blinn stated Wednesday that in referring to $4000 in delinquent accounts the inspector cited an ordinance making it the duty of the superintendent of the hospital to collect in advance all fees and charges for hospital service. The ordinance was passed February 6, 1913. The inspector called the city's attention to the fact had the ordinance been followed the delinquent accounts would have been smaller. Mr. Blinn expressed the opinion that the affair was largely the outcome of a misunderstanding.

35c. and 60c. Hospital Size, $1. ALL DRUGGISTS

Try Making Your Own Cough Remedy

You can save about $2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Uses Bible to Announce Wedding to His Friends

DENVER, Jan. 22 — The Bible was used by Herbert S Sands, local manager of the Westinghouse Electric Company, to announce to friends here that he had become a benedict

A few days after Sands left for the east on an "important business trip" this message was received by his associates:

"Dust off your bible and read the twentieth verse, chapter ten, of the Book of St. Luke."

When the office force succeeded in securing a copy of the scriptures, the following passage was disclosed in the place indicated in the telegram:

"I have married a wife, and therefore I cannot come."

Sands was married to Miss Elizabeth Clark in St. Luke's Episcopal Church, Washington, D. C.

"THE RELIABLE JEWELER"

EX-MAYOR'S WIFE GETS DIVORCE AT CINCINNATI WED.

CINCINNATI, O., Jan 22—Divorce was granted Mrs. Julius Fleischmann from Julius Fleischmann, millionaire business man and former mayor of Cincinnati, Wednesday on grounds of "extreme cruelty and gross neglect" Judge C. W. Hoffman granted the decree after hearing the case twenty minutes

According to testimony, the alleged cruelty consisted of the former mayor's friendship with a woman, stated by plaintiff's counsel, to be "Dollie Hemingway," of New York

Under the decree Mrs Fleischmann is to receive alimony of $25,000 yearly and two pieces of property.

Preceding the filing of the divorce suit, it was stated, Mrs Fleischmann was given the income from $2,000,000 for life.

The Fleischmann's were married in Cincinnati, April 18, 1893. There are two living children, Julius Jr., 19, and Louise, 25, now married Charles, another son, was killed at an aviation training camp at the beginning of the war.

MARTENS PROBE CALLED PARTY'S INVESTIGATION

WASHINGTON, Jan 22—"The investigation of the actions of Ambassador Martens, of the Russian soviet government, by the senate committee has, I fear, resolved itself into a political prosecution," Senator Hitchcock, Democratic leader, said in the senate today.

Instead of naming Mr. Stevenson, a patriotic man who gave his time to the liberty loan in New York, Wade H. Ellis, of Ohio an able lawyer and a more able Republican politician, was named as counsel, Senator Hitchcock continued.

Paris Dance Mad

PARIS, Jan 22—To such an extent has the dancing craze swept Paris that a new weekly magazine, devoted solely to dancing has made its appearance on the news stands. WOULD NOT ALLOW EXPORT OF COAL FOR FIVE YEARS

WASHINGTON, Jan 22 A bill to prevent the export of coal from the United States for a period of five years was introduced in the house today by Rep Dyer, of Missouri. The attempt to deliver, or the delivery for export of any coal is made punishable by a fine of $10,000 and imprisonment for five years, and the coal offered for export is to be forfeited to the U. S. government. Rep. Dyer said he presented the bill in retaliation for the Canadian's partial embargo on print paper to the United States.

Silk Hat Returning to Favor in London

LONDON, Jan. 22.—The silk hat, which in days gone by was the conventional and inevitable headgear of the business man of any standing at all, is creeping back. But London revolts against pre war conventions in another direction.

Leather jackets actually have been seen, a half dozen or more of them, at social functions in such exclusive places as Londonderry house A few years ago men might well have been turned back from any society door as improperly dressed if they came attired in anything but dress suits.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well known authority We are advised to dress warmly, keep the feet dry; avoid exposure; eat less meat drink plenty of good water

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating thru the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

Germans to Protect War Crime Suspects

BERLIN, Jan. 22.—An organization known as "Save Your Honor" is being formed here with the object of inciting the public to protest against the surrender to the allies of the German officers wanted to answer war crime charges before an international tribunal.

The officers of the society are planning to appeal to the Government asking it to protect formally against the precedent of forcing defeated nations to deliver up their leaders to the victors.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmint (double strength), and add to it 1-3 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate thru every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

COUNT FIFTY! NO NEURALGIA PAIN

Don't suffer! Instant relief follows a rubbing with old "St. Jacobs Liniment"

Conquers pain—never fails.

Rub soothing, penetrating "St. Jacob's Liniment" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all pain and neuralgia disappear. It's most magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacobs Liniment" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.

Cured His Piles

Now 88 Years Old But Works At Trade of Blacksmith and Feels Younger Since Piles Are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich.

I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc. before he tried my method. Here is a letter just received from him:

Mr. E. R. Page, Marshall, Mich.

Dear Sir: I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 88 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly,
J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them.

Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc., but send today for a Free Trial of my internal method for the healing of Piles.

No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation—if you are troubled with piles, my method will relieve you promptly.

This liberal offer of free treatment is too important for you to neglect a single day. Write now. Send no money. Simply mail the coupon—but do this now—TODAY.

TIVERTON

John W. Cooper, aged 74, who was born and reared in this vicinity, died Thursday at Sullivan, Ohio, after an illness of several months from cancer of the stomach. His remains were interred in the Tiverton cemetery on last Saturday. Mr. Cooper resided for a number of years at Amherst, O. By occupation he was a farmer and a staunch member of the Church of Christ. Two sons survive him, Frank M. and Herbert, of Tiverton tp. His wife preceded him to spiritland a few years ago.

On Monday morning, January 19 when Mr. Michael Fesler and his son Charles and his family left the breakfast table, at about 6:00 o'clock, they discovered that their farm dwelling was on fire and the fire had so advanced that all efforts to extinguish it were abandoned. A part of the household goods was saved. Insurance will possibly cover thirty per cent of the loss which is estimated at $2500. The property was insured in the P. of I. insurance company. Mr Fesler, aged 70, had a trunk in the second story, containing valuables which he prized greatly and in his effort to save the trunk he was cut off by smoke so that he was unable to make his return by way of the stairs.

Swift & Company's 1919 Earnings

How They Affected You

During the twelve months ended November 1, 1919, (its fiscal year), Swift & Company transacted its large volume of business on the smallest margin of profit in its history.

Sales over $1,200,000,000.00

Net earnings $13,870,181.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 1⅙ cents on each dollar of sales, or a quarter of a cent on each pound shipped.

Consumer—

The average consumer eats about ½ lb. of meat per day—180 lbs. per year. If he purchased only Swift & Company products he would have contributed only 45 cents (180 lbs. @ ¼ cent a pound)—a year profit to Swift & Company for its investment and service, less than one cent per week.

Our earnings were so small as to have practically no effect on the family meat bill.

Live Stock Raiser—

Swift & Company handled in 1919 over 16,000,000 head of live stock. You can figure for yourself that our earnings of 1⅙ cents on each dollar of sales are too small to affect the price you received for your stock.

We paid all it was humanly possible to pay considering what the meat and by-products could be sold for.

Vinol, our Cod Liver and Iron Tonic, is the best remedy for Nervous, Run-Down, Anaemic Conditions.

This Letter Proves It.

Kenton, Del.—"I suffered from a nervous, run-down condition and had no appetite. I keep house and live on a farm so had to keep about my work as I have five in the family. My doctor recommended Vinol as the best medicine for my condition. I felt better after taking the first bottle. It has given me a good appetite, I sleep better and feel stronger in every way."—Mrs. J. HERMAN WILES.

It is the Beef and Cod Liver Peptones contained in Vinol aided by Iron and Hypophosphites which makes it such a famous blood-maker, nerve builder and strength creator. Besides Vinol is not a secret medicine. Its full formula is printed on each package.

Wounds From Rusty Nails Dangerous

Houstonia Your Safeguard

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand for emergency use.

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended half-way through my foot. I applied Houstonia to the wound and bandaged the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely."

Houstonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist. 25c, 50c and $1.00 sizes. Be sure you get the genuine House-tone-e-ah with Dr Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co, S. Charleston, O.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions" says Joseph E. Webb of Muncie, Indiana

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you

Seven a day for seven days—Wonderful results.

EMMELINE SAYS WOMAN IS ABLE TO HOLD HER OWN

NEW YORK Jan 21 Laws designed to protect women in industry were bitterly assailed by Emmeline Pankhurst, noted British suffragist, in an interview given out today thru the Women's Equal Opportunity league.

"If there is to be a minimum wage and hour law make it apply to men as well as women," said Mrs Pankhurst. "Women are no longer weaklings Nor are they children It is ruiculous to make it appear that a mature woman cannot take care of herself. The shackles of tradition about the weaker sex must be cast off entirely."

Leather of Shark Skin Exhibited at Convention

BOSTON, Jan 22 — Conspicuous among the many substitutes for the convent real leather used today exhibited at the show show is the display of leather made from shark skin

The shark was placed some time ago very much in the limelight over the question of whether or not his meat was a good substitute for the accepted food Now, it seems, he is being exploited from a new angle.

The dried rough skin of certain varieties of shark called shagreen, has always been used for covering such articles that have handles and scabbards of swords, and for ornamental purposes, but it was not until recently that a process for making it into durable leather was discovered. It has now been sufficiently developed to permit its use in all kinds of shoes, book bindings, trunks, bags, harness, etc

Shrinkage Of Corn Influences Its Value

How much do farm grains shrink when in storage? This question is frequently asked by farmers, particularly respecting corn, since the amount of shrinkage influences the weight of the bushel; this would, of course, influence the price of corn

Tests at the Ohio Experiment Station show that well matured corn has an average shrinkage of about 20 per cent, the amount ranging in an 8-year test from 6.5 to 27.7 Corn that has been stored when damp shrinks from 8 to 10 per cent more, it has been found.

If corn sold at $1 a bushel in early fall well matured corn would be worth $1.05 on December 1 By March of the following year $1.10 would be a fair price for the same bushel of corn. The increase after March 1 is gradual, reaching a value of $1.25 by June 1 In short, then, corn should be purchased at about 2% per cent less in the fall than on June 1 of the following year

Foxy Census Enumerator Wins in Age Dispute

STEUBENVILLE, Ohio, Jan. 22.—A foxy census enumerator learned a woman's age against her will

This enumerator is working in one of the rural districts in Eastern Ohio All the information that a certain woman would give this enumerator relative to her age was that she was two years younger than her oldest sister.

"After arguing with her in vain I remembered that her sister was dead" said the enumerator.

"So I went to the nearby cemetery and found the age of the dead sister on a tombstone.

"Then I subtracted two and put the woman down as sixty years, which is twenty years older than she looks," explained the enumerator

Vincent Astor to Fight $1,200 Suit in Person

POUGHKEEPSIE, Jan. 22 — When the suit of David Champion to recover $1200 from Vincent Astor is called in the Supreme court of Poughkeepsie on January 23, Astor will appear in his own behalf according to a statement made to the court by his attorney W. Harry Montgomery of Red Hook

Champion was mechanical engineer on the Astor estate from 1914 to May, 1919, when he was discharged Champion lived in a small cottage near the estate during that time. After his discharge he put in a claim for $1200 the rent he had paid. Astor feels his honor is being questioned in this case and has instructed his attorney to fight to the limit.

Pink and Green Oysters May Inspire Legislation

ALBANY, Jan 22—Pink and pea green oysters are being dug in Long Island Sound, off Jamaica Bay, and the oystermen in that section have appealed to the State Conservation Commissioner, George D. Pratt, to save them from ruin. Captain J. B Wells, recently returned with the A. E. F. Sanitary Corps, has been sent to cooperate with its experts in trying to eliminate the gaudy colorings, which they believe are the result of the dumping of the waste of aniline dye plants.

In his report to the Legislature Commissioner Pratt will make some recommendations for legislation aimed to keep the waters of New York State pure.

Baby Shoe Prices Advance

BOSTON, Jan. 22—" Baby needs new shoes" is a common prayer at games of chance when the devotees wish to make an especially urgent appeal to fortune, but Daddy will have to hold more "naturals" or the stakes be higher when he wins if his offspring is to be properly shod, for the prices are higher. Baby shoes have advanced 15 per cent in the last three months, according to exhibitors of those articles at the shoe convention here.

New samples of shoes on exhibit will retail from $1.75 to $7.50 a pair, and exhibitors say. Hand embroidered and gold leaf shoes for baby are among those shown.

Farmers Make Booze on Co-operative Plan

WAYNE, W. Va., Jan. 22—Farmers in sections of this county are making whiskey on the co-operative plan with a movable still, much the same as sorghum molasses is made. A moonshine party consisting of about seven move the still from place to place, putting it up for a run for anyone who lets it be known that they have a supply of mash ready. Half of the run goes to the makers while the other half goes to the farmer. Federal agents are busy locating the movable still.

Plumb Says Plan Is Democracy in Operation

NEW YORK, Jan. 22. — Glenn E. Plumb, of Illinois, creator of the plan for socialization of railroads and counsel for the organized railway employes, discussed his plan at a recent meeting of the Humanitarian League of the Teachers' Training School here. He made no mention in his speech of the proposal credited to him to extend the Plumb plan to all public utilities, corporations and industries generally.

He summed it up as "a plan for the ownership of the railroads by the public and their democratic operation by representatives of the public and the employees."

Break a Cold WITHOUT NASTY QUININE

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

Converts at Meetings Fall Off Since Prohibition

BOSTON, MASS., Jan. 22—Prohibition has checked the number of converts at Boston revival meetings and especially at the Trotter meetings in Tremont Temple.

This was announced by the Rev. D R. D. Lockrow, leader of the Tremont Temple Brotherhood, under whose auspices the Trotter meetings were held.

"The Trotter revival was very successful, but we have had demonstrated to us that prohibition has lowered the number of persons converted at these meetings," he said.

"Many men have taken to drink occasioned by trouble in their own home or otherwise, then gone down hill and visited one or more of these revival meetings. These meetings all over the country have done wonders for this type of offenders. Now this shows you the usefulness of prohibition. We do not have any more of these drunkards who want to reform.

"People ask why we do not get more converts.

"We have been very successful in awakening dull consciences in these Trotter meetings and converting many to the right path. But what I want to urge is that prohibition has proven itself a mighty factor in keeping men out of tempting influences of the saloon. I believe the world is getting better. I believe Boston is a better place to live.

"The revival meeting of the future will be appeals to the common sense of the individual and to men and women who have not done wrong thru drink."

Farm Prosperity Causes Rush of Settlers to Canada

REGINA, SASK., Jan. 22—The value of Saskatchewan dairy products increased 18.70 per cent for the year ending April 30, 1919. The total amount of butter produced in the province was 7,000,000 pounds. Of this, 2,425,000 pounds valued at $1,215,000 were exported, much of it to the United States. A few years ago Saskatchewan imported butter for her own use. Now it imports none. Nearly a million dollars is invested in creameries in the province.

Saskatchewan formerly was regarded as exclusively a wheat province. Wheat production is still enormous, but the farmers have ceased to carry all their eggs in one basket. Diversified farming is becoming the rule and livestock and dairying are important adjuncts of farm wealth.

Farming prosperity is attracting settlers in unusual numbers. Immigration officials predict a great inrush of homeseekers in the spring. With this increased demand for farm lands in prospect, farming opportunities have been materially enlarged by the present action of the Hudson Bay Co. in closing out to settlers the lands remaining from its once vast territorial empire. These tracts are located in every township of Saskatchewan, Manitoba and Alberta south of the North Saskatchewan river and have remained uncultivated in the midst of richly developed farming districts.

BAYONNE—Al Reich knocked out Young Sam McVey in the second round of a scheduled eight round bout. Gene Tunney, pitted against Bud Nelson, another army heavyweight, knocked out his man in the first round.

HARVEY GREATER MINSTRELS

More people visited the Harvey Greater Minstrels last season than ever before. The fixed policy of Mr. Harvey is to render a dollar's worth of amusement for a dollar. The value of amusement is measured by the entertainment it gives. Millions of theatre patrons have learned Harvey in connection with minstrelsy means quality and quantity. What is easily recognized as the Harvey spirit greets the audience at the first rise of the curtain; one is made to feel designs, enterprise, optimism.

Harvey has made minstrel history just as Edison made history in the realm of intercommunication, just as Curtis made history in the realm of aviation, so has R. M. Harvey made history in the realm of minstrelsy.

There is always satisfaction and pleasure when you go to see the Harvey Greater Minstrels, the confidence that goes with knowing the years of experience in providing amusements is a positive guarantee of satisfaction behind the performance.

This company comes to the Sixth Street Theatre Saturday evening, Jan. 24th.

OBREGON HAS TURNED UPON GOVERNMENT

EL PASO, Texas, Jan 22. A local Mexican newspaper today published a dispatch from Mexico City stating that it is rumored there that General Alvaro Obregon has revolted against Carranza in the state of Michoacan. The dispatch further stated that the collection of all railroad material and rolling stock in that state under President Carranza's order is indicative of the truth of the reported break between Carranza and his erstwhile lieutenant.

The rumors of the outbreak in Michoacan follows quickly on the reports that Obregon's adherents in Sonora are preparing to resist by force the replacement of present troops with 5000 Carranza soldiers. These reports were brot by travelers.

WASHINGTON, Jan 22.- The state department was today without information as to the reported open revolt of General Obregon against the Carranza government. It was stated by those close in touch with the situation however, that an Obregon revolt has been anticipated for some time. There have been numerous press reports of such a revolt, but they have been found without foundation.

That there has been the harshest sort of feeling between Carranza and General Obregon has been reported here. President Carranza has opposed the candidacy of General Obregon for the presidency of the Mexican republic and unofficial reports here have indicated that the steps which he has taken to oppose Obregon have been such as to arouse the wrath of Obregon's supporters.

General Obregon has been regarded here as worthy Mexican leader and his attitude towards the United States has been one of friendship. Unofficial reports have indicated that supporters of Obregon have been anxious for him to lead a revolt but as far as this government is informed officially the general has not deemed such action wise.

At the Mexican embassy it was stated that no information has been received either of the reported Obregon revolt or the collection of railroad rolling stocks. Officials of the embassy were skeptical and said the report sounded like "Obregon propaganda."

6-Word Will Disposes of Soldier's Estate

LONDON, Jan. 22.—If there's a shorter will than this on record nobody in London knows it.

"I leave it all to her. Frank R Kirkley, 13th July, 1917," were the words written on the back of a small photograph of Annie Muriel Smith by Lieut. Kirkley.

She received 320 pounds when the "will" was recorded, after Kirkley's death on active service in Italy.

Surgeons Take Bullet from Heart; Man Lives

OMAHA, Jan. 22.—A surgeon at St Joseph's Hospital here took the heart out of Steve Zakich, an Austrian who had shot himself, removed the bullet from the heart, replaced the organ and sewed up the incision. Zakich is now practically out of danger.

The operation was performed when the bullet had been in his heart nearly 36 hours. The first doctors to see the man after he had shot himself thought he would die in a few minutes.

China Fears to Reduce Army; Biggest in World

WASHINGTON, Jan. 22.—China has an army of 1,250,000, the largest in any nation, and there is strong agitation for partial demobilization. Chinese leaders and some foreign advisers are urging the Peking government and the provinces to cut the force to 500,000, and to maintain 200,000 of these at the border lines. The government, however, is not disposed to consent to this, fearing complications growing out of the Shantung settlement and the advance of the Bolshevik forces in Siberia.

The government is unable to pay the soldiers, and the law requires full pay for each before demobilization.

Burglar Escaping with $500 Caught by Pants

PITTSBURG, Jan. 22. If not for his pants and a picket fence, William Harley probably would not be in the Allegheny police station facing a charge of highway robbery. As Mrs. Matilda Briceland stepped from a street car in St. Luke's square, Harley got off, too, and just as the car moved away Mrs. Briceland's purse, containing $500 was snatched from her hand. Several civilians and one policeman chased Harley.

He had a good start, however, and would have outdistanced his pursuers if his trousers hadn't caught on an iron fence in an alley. The money was recovered.

Trolley Car Kills Big Gray Timber Wolf

PITTSBURGH, Kan., Jan. 22. — Fifteen dollars was picked up by D. C. Watson, motorman on an interurban car on a trip from Pittsburgh to Joplin a few days ago when a big gray timber wolf tried to cross the track in front of Watson's car, which was doing better than fifty miles an hour.

The wolf evidently miscalculated the speed at which the interurban was traveling, and was decapitated by the wheels of the car.

Watson received the $15 when he took the wolf's head to Columbus, Kan.

POETICAL JAP ADS

TOKIO, Jan. 22.—Japanese advertisements are nothing if not poetical and picturesque. Here are some from a recent newspaper:

"Our merchanise is forwarded with the rapidity of a bullet."

"Our marvelous paper is as strong as the hide of an elephant."

"You will be received in our store in a stupefying manner. Our employes are as amiable as a father seeking to marry his daughters without a dot. You will be received like a ray of sunshine after a horrible day of rain."

But the most piquant was this one: "Our vinegar, extra quality, is more bitter than the anger of the most diabolic mother-in-law."

STOCK MARKET

NEW YORK, Jan. 22.—Altho there was some irregularity at the opening of the stock market, the tone became heavy at the start, losses from fractions to over two points being suffered.

Steel common sold at 101⅞, Baldwin Loco after selling up 111½ dropped to 111 while Crucible yielded one point to 204.

The marine shares continued under pressure, Marine common falling 1⅝ to 35⅛ and Marine preferred ½ to 93. American Inter fell 1¼ to 105¾.

Mexican Pete after opening 3½ up at 196 had a quick drop to 193. Pan American Pete rose ½ to 95½ while Texas company dropped 2½ to 199 and middle states oil one point to 42½.

General Motors yielded 2¾ to 301 and American Woolen nearly 2 points to 46¼. Colorado Fuel was in supply dropping 1½ to 37⅞.

The railroad shares showed fractional losses.

Petrified Cats Found Under Old Floor

POUGHKEEPSIE, Jan. 22. — While repairing the floor of the Academy of Music, at Beacon, carpenters found the bodies of two cats that had become thoroly petrified. Fifty years ago, at the time the floor was laid, the cats must have run under it. The carpenters, unknowingly, had walled them in.

They evidently had attacked each other as one had an ear chewed off. The bodies are as hard as flint, but lifelike, and no parts are missing except the chewed ear.

SYDNEY, Jan. 22—Gerald Patterson star of the Australian tennis team defending the Davis cup, clinched the cup for Australia for another year when he defeated Lieut. Col. Kingscote of the English team in the singles today, 6-1, 6-4, 8-6. Tho one more match is to be played the Australians cannot lose as they have scored three victories to one for the English team.

CALLS SUIT A CRUEL SLANDER

NEW YORK, Jan. 22.—"Preposterous, and a cruel slander," is the answer of Mrs. Amanda C. Thomas, thru her counsel, to the charges brot by Mrs. Theodore P. Shonts in the latter's $1,000,000 suit for alleged alienation of the late Mr. Shonts' affections.

It was declared the suit would be vigorously contested.

Mrs. Shonts alleged that the defendant did prey ruthlessly upon the said Theodore P. Shonts, and by her artifices, immoralities and wiles enticed said Theodore from the affections of the plaintiff.

Mr. Shonts was president of the Interborough Rapid Transit Co.
